

Materials to Review for the May Meeting

In preparation for your May meeting, please watch the video series *Discipleship* with Julianne Stanz on the Revive Parishes website: <https://reviveparishes.com/>

- You will need to create an account (all material is free on the website)
- As you watch, please use the workbook to take notes in preparation for your May group discussion.
- You can access the link to the video course and a digital version of the workbook at sjv.org/gmd

Begin writing down any ideas you have on activities we can bring to our parish for Phase 3 of Go Make Disciples. How can we help people practice the holy habits? How can we reach out to people who may have stopped coming to Mass and encourage them to return? What parish activities or events might be helpful in evangelizing, building relationships, and bringing people closer to God?
